DA Bootcamp Study Tracker

Screenshots from my live tracker (mobile): plan, track and stay consistent.

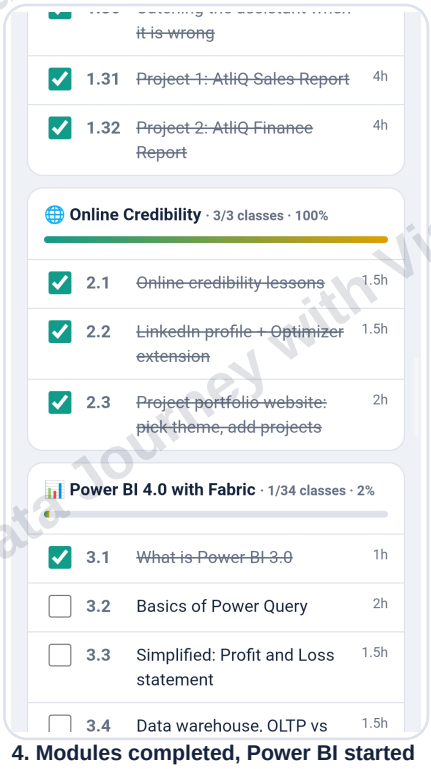

1. Dashboard: progress, days left, pace, streak

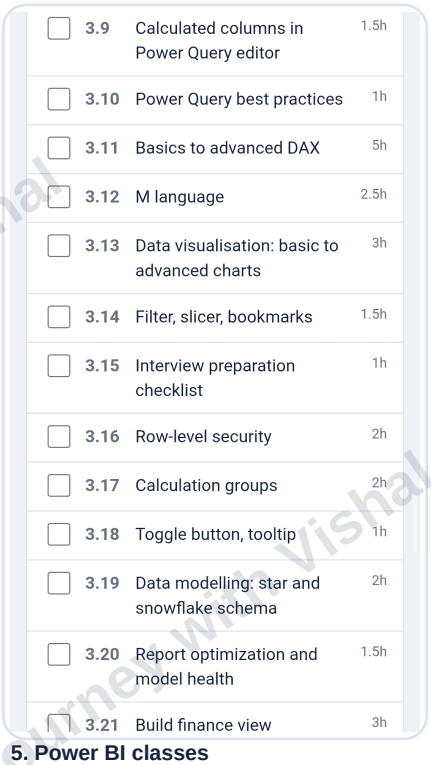

2. Plan settings and badges

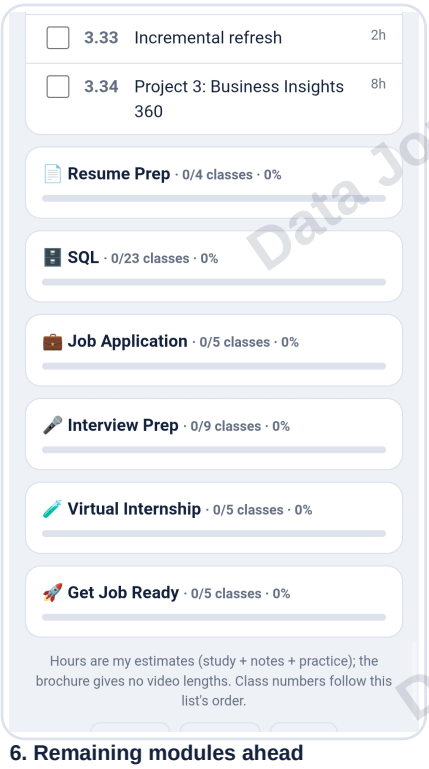

3. Class-by-class checklist (Excel)

4. Modules completed, Power BI started

5. Power BI classes

6. Remaining modules ahead

Hours per class are my own estimates (study + notes + practice). Built with an AI-assisted tool from my own requirements and study plan. Unofficial project, not affiliated with Codebasics.
